

Church Investment Group Exclusionary Guidelines

Ethical investment considerations form an integral part of the Church Investment Group's mission. Through faith-based investment policy, the Church Investment Group seeks a constructive engagement with the corporate world in order that responsible environmental and business practices and high standards of corporate behavior are encouraged and supported. Church Investment Group is also mindful of the need to avoid undermining the credibility, effectiveness and unity of the Church Investment Group's mission by profiting from, or providing capital to, activities that are materially inconsistent with Episcopal values.

The Church Investment Group follows the exclusionary guidelines of the Episcopal Church, including seeking to invest with investment managers who exclude securities issued by tobacco manufacturers and companies for which the manufacture of firearms represents at least 10% of annual revenue.
